BRAND GUIDELINES

TOMMY TOP DECKER

TRADING

The visual identity system.

V 1.0 | FIRST DROP | MMXXVI

02 · FOUNDATION

SEALED PACKS. UNDER MARKET.

Tommy Top Decker Trading sells sealed trading card packs below market price, one drop at a time, with the TCG Low price shown next to ours on every listing. **The price always comes first.** The same sealed pack, for less.

01

UNDER MARKET

Every drop is priced below TCG Low, and we show the gap in dollars and percent. The savings are the proof, not the adjectives.

02

ONE DROP AT A TIME

One featured pack, a clear deadline, a fixed quantity. Focus over a catalogue.

03

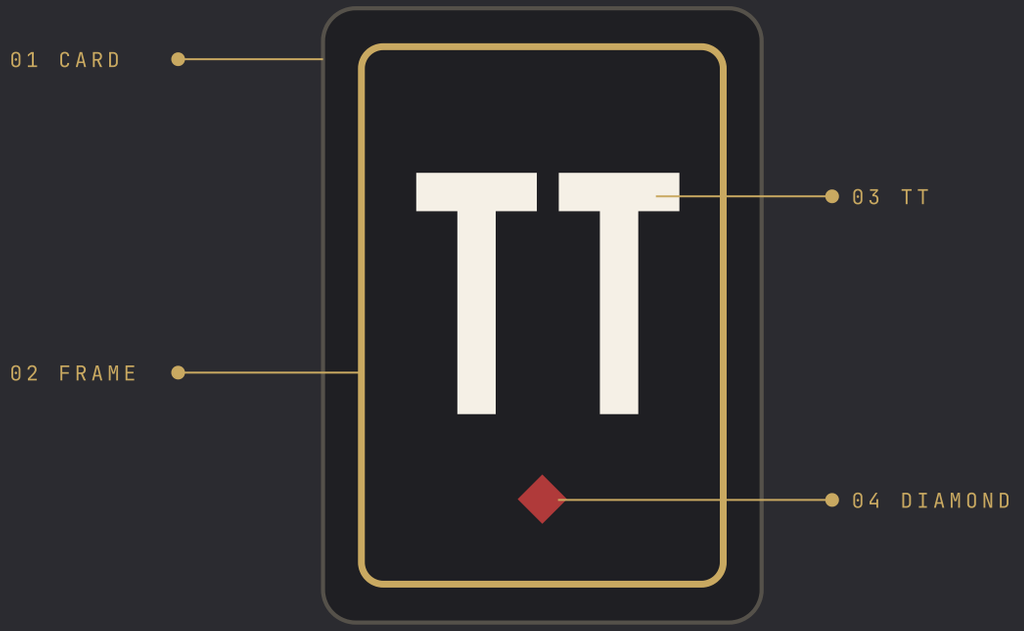

PACKED LIKE IT MATTERS

Every order arrives the way it left us: protected, boxed with care, with a thank-you from whoever packed it.

03 · THE PRIMARY LOGO

THE TT CARD.

One card, four parts, fixed forever. It leads every application. Reproduce it from master art only; never rebuild, re-space or recolor it.

01 · CARD
Charcoal, fixed corner radius. Everything we sell is a card.

02 · FRAME
One gold inset line. The only gold in the mark.

03 · TT
Two cream Ts of equal width. Never kerned or retyped.

04 · DIAMOND
The red pip. The only red outside warnings.

CLEAR SPACE

Keep at least **X** clear on every side, where X is the width of one T. No type, photo edge or other mark enters this zone.

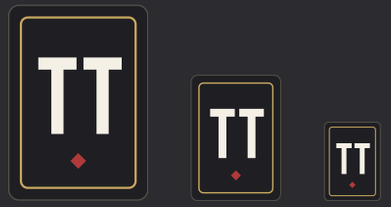

MINIMUM SIZE

✓ 40 PX × 24 PX

Never smaller than **10 mm** tall in print or **40 px** on screen. Below that the frame fills in; use the favicon cut.

SIZE STEPS

HERO SOCIAL MIN

Hero for packaging and the site header, social for avatars, minimum for receipts and fine print.

04 · WORDMARK & SECONDARY MARKS

Around the TT card sit the supporting marks: the **wordmark** that names the shop in full, the round **social badge**, and the **sealed stamp** for packaging, tape and inserts. Every mark ships positive, reversed and one-color.

WORDMARK · SECONDARY

TOMMY
TOP DECKER
TRADING

The name. Use wherever the shop must be named: receipts, labels, first touch. Gotham Black, from master art.

SOCIAL BADGE

The avatar. TT in a gold-ringed disc for round profiles, stickers and embroidery.

SEALED STAMP

TOMMY TOP DECKER · SEALED UNDER MARKET ·

The finish. Box seals, tape, thank-you cards. Never replaces the TT card.

05 · LOGO MISUSE

PLACE IT. LEAVE IT.

Fixed artwork, from master files, in an approved colorway with full clear space.

CORRECT · AS DRAWN

Don't recolor. Charcoal, gold, cream and red only. No cyan, no brand-of-the-week.

Don't add effects. No shadows, glows, bevels or gradients.

Don't rotate or fan it. The card stays upright. Fanned outlines are a separate device.

Don't stretch. Scale proportionally, always.

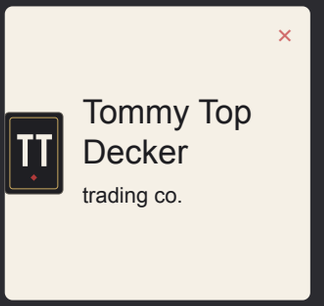

Don't rebuild it. No retyped Ts, no missing frame or diamond. Master art only.

Don't use busy grounds. Photos and gradients swallow the edge. Use a scrim or a plain ground.

Don't use low contrast. Mid-gray and gold grounds hide the card. Cream or charcoal.

Don't retype the name. The wordmark is Gotham Black lockup art, never a system font.

06 · COLOR

Charcoal is the ground the brand lives on. Cream carries the light side and the TT. **Gold is the accent that rewards a closer look, never a fill.** Red belongs to the diamond. Savings figures are set in gold.

CHARCOAL

#2B2B30
RGB 43 43 48

The ground. Pages, packaging, card body, reversed lockups.

CREAM

The light ground. Print, receipts, the TT letters.

TOP DECK GOLD

The accent. Frames, rules, TOP DECKER. Foil on print.

CMYK 0 67 67 31

The diamond. Nothing else, outside warnings.

DO

Keep 60 / 30 / 8 / 2: charcoal, cream, gold, red. Print gold as foil.

DON'T

Flood areas with gold, use red for buttons, or put cyan on brand art.

07 · TYPOGRAPHY

Three typefaces, each with one job. **Gotham Black** carries the name and the headlines, **JetBrains Mono** carries the numbers, and **Inter** carries the reading. Never introduce a fourth.

NAME · HEADLINES

Caps only, tight. The wordmark, page titles, card titles. Licensed; self-hosted on the site.

DO

Gotham for names, Mono for numbers, Inter for reading.

DON'T

Set body copy in Gotham, prices in Inter, or Gotham in lowercase.

08 · ICONOGRAPHY · THE DEVICES

Four devices carry the card-shop idea. **Each has one job and a few firm rules.** Used together and sparingly, they frame the price; used loudly, they cheapen it.

THE FRAME

CONTAINER · VALUE

A single gold inset line on a card body. It holds whatever matters most on a surface: the price, the product, a principle.

DO	DON'T
HOLD ONE THING	NEST FRAMES OR FRAME BODY COPY

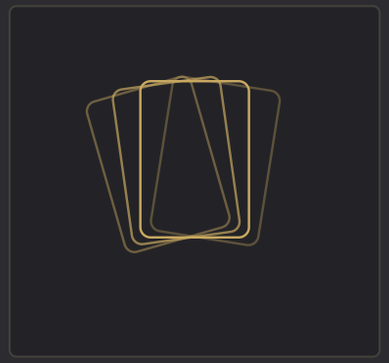

THE PIP

MARK · EMPHASIS

The red diamond from the TT card. One per surface, as a full stop: the end of a card, a list, a signature.

DO	DON'T
ONE, SPARINGLY	USE AS A BULLET LIST OR A SALE BADGE

THE FAN

MOTION · ABUNDANCE

Gold outline cards fanned from one corner. Suggests a deck and a drop. Sits behind type, never on top.

DO	DON'T
LET IT PASS BEHIND	FILL IT OR FAN THE TT CARD ITSELF

THE MARKDOWN

PROOF · PRICE

Market price struck through, our price in gold, the gap in caps. The brand promise in one block.

DO	DON'T
SHOW THE REAL TCG LOW	ROUND UP THE SAVING OR HIDE THE SOURCE

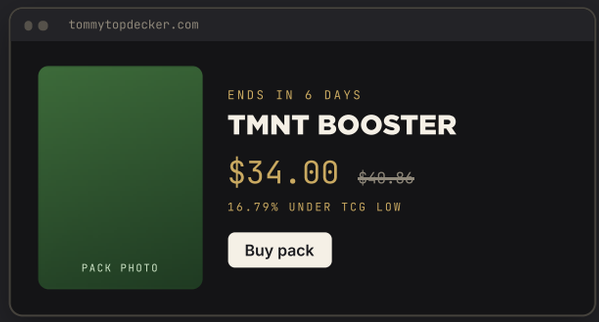

09 · APPLICATIONS

Every touchpoint is a card. The same frame, the same Markdown and the same gold, from the first ad to the note inside the box.

META AD · 1:1

One pack, the Markdown, one button. The fan sits behind; nothing else.

STOREFRONT

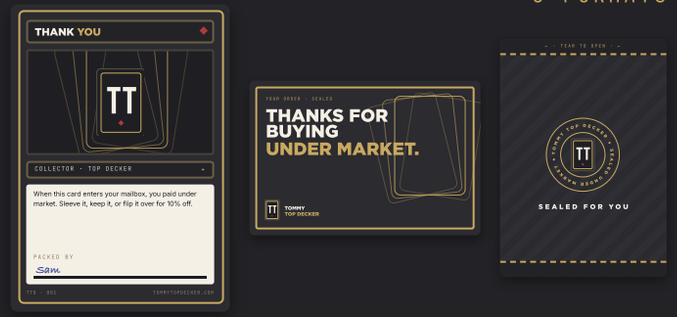

The drop card in the browser. Price in Mono gold, the TCG Low struck through.

BOX SEAL

The sealed stamp as a 2 in round sticker across the tape line.

11 · VOICE & TONE

The price is the pitch. We write like the counter of a good card shop: state the number, name the source, say thanks, then stop. The numbers do the selling.

01

STRAIGHT

Lead with the price, the gap and the source. No adjectives a number could replace.

02

CALM

No hype, no fake scarcity. The only deadline we mention is the real one.

03

COLLECTOR

Talk to someone who knows what a pull is. Never explain the hobby back to them.

04

GRATEFUL
